## One Stop Shop

The popular merchandising innovation in the business world has been the shopping center where on one stop, a variety of items were available to the purchaser.

This merchandising concept has been employed to bring you the Red, White & Roan Buckeye Expo. In two days 85 head of herd improving Shorthorns and Polled Shorthorns will be offered for your approval.

Many of these cattle are young and fresh from the show circuit. A large number of them are of the age, type, and quality that will permit them to be shown successfully next year. In the bulls, the spectrum is complete, ie, from your proven bulls down to short yearlings. Truly, at this sale you can find whatever you need, and in volume to choose from.

Don't forget the Social hour and banquet on Friday night, February 26, at the Ramada Inn. Join in the Fellowship, meet new friends, renew old acquaintances.

February 26 and 27 are the MUST dates on your livestock calendar. Take advantage of the One Stop Shop.

If I can assist any of you with reservations, purchases, etc., kindly advise.

Sincerely,

Joe Gossard  
Sale Manager  
Red, White, Roan Buckeye Expo.

Thomas Kodiak 107A - Certainly a lean promising spring yearling bull which we probably should be keeping. We have several heifers bred to him. Look at his pedigree. He will surely be a 100% dehorner. Thomas Perfect Shirley 16A, the dam, has to be rated as one of the consistent producing cows today. If you are interested and acquainted with herd indexing and production testing just note this cow's record: Her 1964 son had a weaning index of 114 and a 365 day index of 105. Her 1965 daughter had a weaning index of 114 and a 365 day index of 113. Her 1966 son had a weaning index of 96 and a 365 day index of 91. Her 1967 son had a weaning index of 113 and a 365 day index of 112. Her 1968 son had a weaning index of 113 and was an I.P.R. bull at Stanford, Montana. This being her 1969 son, he had not completed his test when he left Thomas Farms. Each of her calves has been polled and her 1967 son, Thomas Leader 30Y, is heading a strong performance proven herd of Arch and Peg Allen, Livingston, Montana. This cow has a 1970 calf, a red heifer by Kinnaber Leader 6th, that is among the good ones at Questing Hills Farms. We are selling a 2/3 interest and FULL POSSESSION in this good young bull.

Byland A Wun X - Only because we have a lot of calves coming by "A Wun" and Semen on storage, we offer him to extend his use and influence on Polled Shorthorns. We truly believe in him as a sire of future usefulness. His Ohio Beef Test Record 205 days wt. 600 lbs, type score 15: 365 day wt. 1050 lbs, type score 16. He was reserve Junior Champion, 1969 Ohio State Fair and continued to grow into his present farm. We are using his genetic contribution in our herd to get them big and keep muscling. His 17 month wt was 1635 lbs. He has run with the herd a good part of his time since. We have never offered a bull we were as proud of and confident in. We believe he is Great! Herd accredited and certified.

We offer this young sire only because we had to sell 23 of our 30 cows when my father-in-law sold his farm, and we could not find more land. We offer full possession and up to 100 ampules of 188 ampules of semen taken on 14 May 1970 and in storage at COBA. We had hoped to prove him as great a young sire as some think he is, but with only 6 cows we feel we are wasting his potential by not offering him to someone with a need and an adequate number of cows to prove him with. We purchased him in the 1969 Windholme Invitational Sale where many considered him the best young bull in the sale. He has sired 7 calves for us and are expecting another crop starting in Feb. The following is his production data and that of his progeny:

	Adj 205 wt	Type Score	A.D.G.	Index	Actual age in days	Dam Agr
W.W.	484 lb	14	2.02	133		
Top Hf	507 lb	15	2.04	144	184	4
Top bull	435	13	1.64	105	177	1.75
Ave. 7						
Calves	401.8	13.3	1.56	107.5	159.6	3.9

These are rather good figures, considering the average don't show that four of his cows are two years or younger, and two are over 8 yrs. old, and that two of the calves were less than 120 days old with an ave. age of 159.6 days of the 205 regular days. W. Nomination weighed 985 lbs at 13½ mos., 1495 lbs. at 2 years.

This was Craig's 4-H project last year. She stood 3d in the Junior Fair and 5th in the open class at the Ohio State Fair. Sells safe in calf to Tynywtra's Meteor 36th. This is probably the best brood cow prospect of any Groomsman Heifer we have sold.

Maud will be bred to calve in the early fall and we will promise her calf will be a great one. The dam has been one of our very good producers with an index of 105. She was roughed along since weaning with the cow herd as we had no intent to let her leave home. We feel she will make a contribution to your herd. Her Ohio Beef Cattle Test Record 205 day weight 555 lbs, type score 15. Calfhooed vaccinated. Herd certified and accredited.

Greenland Ramsden 2d is to date the best Polled female Greenland has raised. She won her class at the W. Va., Md., and Va. State Fairs and the Eastern National. She was also Reserve Junior Champion at the W. Va. and Md. Fairs. She is by one of the top 10 "Sire of the Year" in 1969. I would recommend this heifer to anyone and I know she will make a real brood cow. Her mother weighed over 1400 lbs. Sells calfhood vaccinated, open, with breeding privilege to Boa Kae Escort x (Jack the Giant), the ton plus Canadian bull in service here at Greenland, Va. BCIA 205 day weight 595 lbs. Index value 162, Grade 15. Herd TB & Bangs accredited.
